

IMPORTANT NOTICE

Delaware Park provides winter stabling and training for horses to race at Delaware Park. In order to preserve the benefits granted along with the stall(s) and all training privileges, the Association in return insists that horse(s) stabled on Association premises enter and run at Delaware Park. For that reason, anyone entering and/or running at another race meet must gain approval from the Racing Secretary prior to entering races elsewhere if they wish to return said horse(s) to stable at Delaware Park.

All horses (including ponies) entering the grounds of Delaware Park are required to present proof of:

1. A Certificate of Veterinary Inspection (“Health Certificate”) within the past ten (10) days.
2. A Certificate of Vaccination for Equine Influenza Virus (“Flu”) and Equine Rhinopneumonitis Virus (“Herpes”) which must be administered prior to seven (7) days of arrival to Delaware Park and within one hundred and twenty (120) days by an accredited Veterinarian or the vaccination dates can be entered on the Health Certificate (CVI).
3. A negative Coggins test dated within the last twelve (12) months. *It is the trainers responsibility to keep a current coggins on file in the stall office. **(Blood Drawn Slips will NOT be Accepted)**

All horses stabled at Delaware Park are required to be revaccinated every one hundred and twenty (120) days for Equine Influenza and Equine Rhinopneumonitis. (The provisions of this order are subject to change in light of any changes in the risk of exposure for this disease.)

Horses that are stabled at Delaware Park and are being taken off or returning to the premises for any reason such as “**Race & Return, Vet & Return, Farm & Return**, etc.” must be accompanied by a Valid Coggins (Within 12 months), a Health Certificate not older than ten (10) days which must also contain the vaccination dates of the Equine Influenza Virus (“Flu”) and Equine Rhinopneumonitis Virus (“Herpes”) or accompanied by

a Vaccination Certificate. It is the responsibility of the Shipper to confirm that approval has been granted for re-entry.

ATTENTION HORSEMEN: ASSOCIATION SCRATCH POLICY

Any Owner, Trainer or other duly authorized person wishing to scratch out of an engagement to race must do so prior to 8:00 a.m. the day of the race, except Stakes races. The scratching of a horse out of an engagement for a race is irrevocable. The Stewards must approve all scratches. In a race other than Stakes, no horse shall be permitted to scratch if the number of betting interests remaining in the race number less than ten (10), unless the Stewards permit a lesser number. Where there are more requests to scratch, that if granted, would leave a field of less than ten (10) betting interests, the Stewards shall determine which entrants may be scratched and permitted to withdraw from the race.

Any horse appearing on the alternate list and is re-entered will be an automatic scratch off the alternate list providing the race fills and the horse draws in the body of the race. Also when any horse appears on the alternate list they will be considered a starter until scratched by the Stewards.

For all VET scratches, horses will be placed on the Veterinarian List for nine (9) days starting the day after the race. Horses will not be permitted to enter during that time.

Any horse appearing in the body of a race must receive permission from the Racing Secretary to re-enter. (Stake races excluded).

It shall be a violation of these Rules for a licensee to scratch a horse entered to race in Delaware in order for said horse to race in another jurisdiction. Violations of this Rule absent of mitigating circumstances will be subject to fines of not less than \$1,000 and no more than \$2,500.

Trainers have until 45 minutes prior to post for Stake races to scratch their horse without reason.

CORNELL™ COLLAR PROCEDURES FOR USE AT DELAWARE

The trainer must submit a letter to the Stewards from a licensed Delaware veterinarian stating the use of the Cornell™ collar is justified and appropriate for use on the horse in question.

The trainer, in consultation with that licensed Delaware veterinarian, shall be responsible for the proper placement of the Cornell™ collar. Use of the Cornell™ collar must be declared at time of entry for that race. When the horse is brought over to the paddock, the Paddock Judge will visually inspect the Cornell™ collar to determine if it is properly installed. If not, then the Paddock Judge will notify the Commission Veterinarian. The Commission Veterinarian will then instruct the trainer of the horse to check the apparatus to ensure that it is properly fitted. The Commission Veterinarian will then notify the Stewards so that it can be duly noted in their daily report. Once a horse races with the Cornell™ collar, it must continue to race with this equipment unless the attending Delaware licensed veterinarian submits a letter to the Stewards stating that the use of the Cornell™ collar is no longer appropriate for that horse. Only authentic Cornell™ collars will be approved for such use. No knock-offs or substandard/home-made equipment will be allowed for use. Once a horse has had the equipment approved, and if at some later date that equipment is no longer appropriate, then use of the Cornell™

collar is prohibited. However, if the horse in question has a different trainer, they may re-certify the horse following the initial procedures outlined herein.

Preference Dates

Delaware Bred or Certified Horses have preference in all races providing they meet condition eligibility requirements. (Stake Races Excluded)

Preference Dates are GOOD AT ANY DISTANCE & SURFACE.

Preference dates will not supersede conditions of a race. Horses will not be eligible to receive a date until their papers with a **VALID COGGINS** are on file in the racing office. All horses registered prior to NOON, Friday, April 22nd, will receive a zero (0), which is the lowest possible date. A horse keeps his zero until he runs; scratches or the papers are removed from the office. All horses registering after NOON on Friday, April 22nd, will receive a one (1) or preference corresponding to the day of the meeting when registered. A zero (0) has first preference.

Horses which have established a date at the current meeting will lose their preference should their papers be withdrawn from the racing office or demonstrate intent to race elsewhere, and must reestablish a preference date at this meeting. Should a horse's papers be withdrawn from the racing office for just cause, (i.e. tattoo, corrections, change of ownership, or clarification, etc.) the racing secretary may determine the status of the preference date established.

Horses that run or have the opportunity to run will receive a preference corresponding to the date they race and lose all dates previously held, (i.e. **R1** would correspond to a horse running on the first day of the meet.). This excludes stakes and handicaps. Horses which scratch or are scratched will receive an (**S**) date upon which date they scratch. The (**S**) date is least preferred.

An up to date preference list will be made available after the overnight list is out. Any omissions, discrepancies, errors etc. must be lodged prior to the next drawing of entries.

All horses placed on the Stewards, Veterinarian or Starter lists will be available in the racing office. They will not be permitted to enter until they have been approved to start.

In no way does the claiming, ownership transfer or trainer transfer of a horse affect the preference date.

When a horse's name appears in a race, other than a stake, and is entered for the following day, such entry will be given no consideration should the race in which it is entered be overfilled.

It is the responsibility of a person making an entry to claim preference at time of entry. The stewards will consider no claims that do not comply with above regulations

Animal Policy

Positively NO DOGS are permitted on grounds.

Cats must be spayed or neutered. Also cats must be vaccinated for rabies in accordance with Delaware law. For further information regarding spay/neutering/vaccinations. Local SPCA (302) 998-2281.

(a) Ten pound allowance beginning with the first mount and continuing until the Apprentice has ridden five winners.

(Also a ten pound apprentice is not permitted to be named in Turf Races and any First Time Starters)

(b) Seven pound allowance until the Apprentice has ridden an additional thirty five (35) winners; and

(c) If an Apprentice has ridden a total of forty (40) winners prior to the end of a period on one year from the date of riding their fifth winner, the Apprentice jockey shall have allowance of five pounds until the end of that year,

(d) If after one year from the date of the fifth winning mount, the Apprentice Jockey has not ridden forty (40) winners, the applicable weight allowance shall continue for one more year or until the 40th winner, whichever comes first. In no event may a weight allowance be claimed for more than two years from the date of the fifth winning mount, unless an extension has been granted.

(e) A ten pound apprentice rider will not be allowed to ride a First Time Starter (FTS) and will not be allowed to ride on the Turf Course.

Such claim may be for the account only of the Managing Owner making the claim, or for the ownership of the horse which establishes such Managing Owner's right to claim, as indicated by the Managing Owner making the claim, as indicated by the Managing Owner on the claim blank. However, no person shall claim his own horse or cause his own horse to be claimed directly or indirectly for his own account.

Quick Official

In order to accelerate making races official when no interference has been suspected or occurred or any other reason that may necessitate a delay in making the race official, the following procedure will be followed. Registration of claim of foul. All Outriders shall be equipped with a two way radio for communication with the Stewards. Jockeys wishing to claim a foul or put a race on hold will so communicate their wishes to the Outrider. If his horse is pulled up prior to reaching the Outrider, the Jockey must proceed to the Outrider if he wishes to request a claim of foul or put the race on hold. For those horses that pass the Outrider before they are pulled up, the Outrider must wait until they pass him to unsaddle before communicating a no-claim status to the Stewards. Obviously, if a fall occurs, the Stewards will demand an inquiry. If for any reason the Outrider is unable to communicate to the Stewards, there will be no Official for that race until all Jockeys have weighed in. It is understood that the outrider's number one priority is to catch a loose horse and this responsibility takes precedence over the "Quick Official".

To permit an Owner or Trainer to request a claim of foul or to put a race on hold, telephones are available at the following locations: Winners Circle, Paddock Security Office, Racing Secretary's Office and the Dining Room Maitre d's desk. Or they can tell the Clerk of Scales to communicate their wishes of a claim of foul, or to put the race in question on hold to the Stewards. Jockeys will continue to weigh in after the race in the same fashion as is customary. The Jockeys who have registered a foul will immediately contact the Stewards upon dismounting. At any time the outrider is not confident regarding the decision to permit a "Quick Official" he will request the race to be

put on hold.
