

MISSISSIPPI STUD

Mississippi Stud is an exciting variation to the game of poker. The game is easy to learn and is based on the Five Card Stud Poker game. In Mississippi Stud, players compete against a payout table, not against the dealer and win if their hand is a pair of Jacks or better. The top payout is 500 to 1 for a Royal Flush with a maximum total payout per table of \$50,000!

HOW TO PLAY

Players make an Ante bet to receive their first two cards. The dealer will place three community cards face down in the middle of the table.

Once the players receive their first two cards, they may either fold or make the 3rd street bet 1x to 3x their Ante. Then the dealer reveals the first community card.

Once this card is revealed, players have a choice: fold or make the 4th street bet of 1x to 3x their Ante. The dealer then reveals the second community card.

Once again, players may fold or stay in the game by making the 5th street bet from 1x to 3x their Ante.

NOTE: When a player folds, all bets left in action are forfeited.

After the dealer turns over the final community card, he resolves all wagers left in action. Players win if their five-card hand is a pair of Jacks or better. Some hands push (see payout table below for odds.)
