Delaware Park Horse Aftercare Initiative

Delaware Park and Delaware Thoroughbred Horsemen's Association partner with two 501(c)(3) charities to help trainers find their horses quality homes after their racing careers.

List your horse

CANTER Delaware advertises your horse for you for free via online listings and social media.

- All horse sales (and sale profits) are made directly between buyer and seller.
- Check references on buyers (vet, blacksmith, boarding facility, etc.)
- Get a notarized bill of sale for each horse.
- Complete the Jockey Club "Retired from Racing" form if you do not want to sell your horse for racing.

Bills of sale and JC "Retired from Racing" forms are available in the Horsemen's Office. On average, horses sell for \$1,100 and take about a month to sell. Minimum listing price is \$500.

Donate your horse

Mid-Atlantic Horse Rescue (MAHR) is a Thoroughbred Aftercare Alliance accredited organization. Owner will give up ownership of their horse (with tax-deduction) to MAHR. MAHR will let down, retrain, provide vet work as needed, and adopt the horse into an approved non-racing home.

ATTENTION HORSEMEN: ASSOCIATION SCRATCH POLICY

The following rules are crucial to reassure that the Delaware Park, Purse Accounts and the racing fans are given a chance to wager on an acceptable amount of betting interests. We ask for your teamwork for the benefit of all parties involved.

There will be no exceptions to these rules.

Scratch time is prior to 10:30 A.M. the day of the race. Scratches will be made from off the program. Once a horse has been drawn into a race, or appears on the alternate list they are considered a Starter. Any Owner, Trainer or other duly authorized person wishing to scratch out of an engagement to race must do so prior to 10:30 a.m. the day of the race, Stake races exempt. The scratching of a horse out of an engagement for a race is irrevocable. The Stewards must approve all scratches. In a race other than a Stake, no horse shall be permitted to scratch if the number of betting interests remaining in the race number less than eight (8), unless the Stewards permit a lesser number. Where there are more requests to scratch, that if granted, would leave a field of less than eight (8) betting interests, the Stewards shall determine which entrants may be scratched and permitted to withdraw from the race.

Any horse appearing on the alternate list and is re-entered will be an automatic scratch off the alternate list providing the race fills and the horse draws in the body of the race.

For any and all VET scratches, horses will be placed on the Veterinarian List for nine (9) days starting the day after the race. Horses will not be permitted to race during that time.

Any horse appearing in the body of a race must receive permission from the Racing Secretary to re-enter and will be an automatic scratch the previous day of entries providing the race fills and the horse draws in the body of the race. (Stake races excluded).

Per Rule 11.14.1.5 - The Stewards will review all cases in which a horse is entered to run at a licensed track in Delaware, while appearing in the entries in another racing jurisdiction, during the five day entry period for Delaware. It shall be a violation of these Rules for a licensee to scratch a horse entered to race in Delaware in order for said horse to race in another jurisdiction within the five day entry period. Violations of this Rule absent of mitigating circumstances, will be subject to fines of not less than \$1,000 and no more than \$2,500. This rule shall not pertain to Handicap and Stake races.

Trainers have until 45 minutes prior to post for Stake races to scratch their horse without reason.

Naming of Riders – All trainers must secure a call with a jockey's agent prior to making an entry. When making an entry the trainer is responsible to give a list of backup riders including apprentices. Any rider changes prior to the draw can only be made by the Trainer and/or Stable Agent.

DTRC Rule – 8.9.1 – Every rider shall fulfill his or her duly scheduled riding engagements unless excused by the Stewards. No rider shall be forced to ride a horse he or she believes to be unsound nor over a racing strip he or she believes to be unsafe, but if Stewards find a rider's refusal to fulfill a riding engagement is based on personal belief unwarranted by the facts and circumstances, such rider may be subject to disciplinary action. Stake race will be considered by the Stewards if a rider has an engagement and request to be excused.

Per the DTRC Stewards, we will not be able to permit the apprentice weight allowance to be applied without being named as a backup rider prior to the draw.

DTRC Rule – 11.2.10 – In order to claim an apprentice allowance at the time of entry, an Apprentice Jockey must be named, including backup riders.

Check On/Off time – Check time will be the following day entries are taken and that time will be 9:30 A.M. All mounts not checked on will have a rider appointed by lot by the stewards.

Claiming Rules - 13.1.1 – In Claiming races, any horse is subject to claim for its entered price by any Owner in good standing, and who has started a horse at the race meeting at which the Claim is made. 13.1.2 – An Owner may Claim out of the race in which he first starts a horse. 13.12.3 In the event a horse dies during a claiming race or is euthanized on the racetrack during a claiming race, any claim on that horse will be declared void.

13.18 Caveat Emptor: Notwithstanding any designation of sex or age appearing on the racing program or in any racing publication, the claimant of a horse shall be solely responsible for determining the age or sex of the horse claimed.

13.6.1 - No horse claimed in a Claiming race shall be sold or transferred, wholly or in part, to anyone within (30) days after the day it was claimed, except in another claiming race. A horse claimed by an Owner that has started a horse at the current meet and by a Trainer that is currently stabled on the grounds of the Association, shall not be permitted to run in another racing jurisdiction for the period of sixty (60) days, beginning the day after the claim was made, or until the end of the current meet, whichever comes first. A horse that is claimed by an Owner that has started a horse at the current meet, by a Trainer that is not currently stabled on the grounds of the Association, shall not be permitted to race elsewhere until the close of the meeting which it was claimed. The Stewards shall have authority to waive Rule under application, so as to allow a claimed horse to race in a Stakes race. The Stewards may also permit a horse claimed in a Steeplechase or Hurdle race, to race elsewhere in a Steeplechase program, if such a Program ends before the close of the meeting at which it was claimed.

13.20.1 (Waiver Claim) – At the time of entry into a claiming race, the owner may opt to declare a horse ineligible to be claimed provided that the horse has been laid-off and has not started for a minimum of 180 days since its last race and is entered for a claiming price equal to or greater than the claiming price of the horses last start. All horses that elect to enter for the waiver and win, **that win will be considered a claiming win at the entered level for Delaware Park race conditions eligibility.** Please contact all surrounding racing jurisdictions to clarify their eligibility pertaining to this condition.

Who May Make a Claim (a) In claiming races, any horse may be claimed for its entered price by any Managing Owner (or his duly Authorized Agent) if the Managing Owner is presently registered in good faith and has started a horse, up to or including the race in which the claim is made. Such claim may be for the account only of the Managing Owner making the claim, or for the ownership of the horse which establishes such Managing Owner's right to claim, as indicated by the Managing Owner making the claim, as indicated by the Managing Owner on the claim blank. However, no person shall claim his own horse or cause his own horse to be claimed directly or indirectly for his own account. (b) Where the Managing Owner is a partnership, only such partnership through its Managing Partner or such Managing Partner's duly Authorized Agent

may claim. (c) A new Owner, i.e., an Individual Partnership, Corporation or any other authorized racing interest who has not held an Owner's license in any racing jurisdiction during the prior year, is eligible to claim one horse by obtaining an "Open Claiming License" from the Delaware Thoroughbred Racing Commission. Such certificate shall be issued by the Stewards only after they have determined that from the face of the application, the Applicant appears to be qualified to be licensed and only after the Applicant has designated a licensed Trainer who will assume responsibility for any horse the Applicant may claim.

Conditions for Starting a Claimed Horse - If a horse is claimed it shall not start in a claiming race for a period of twenty (20) days from the day after the claim for less than twenty-five (25) percent more than the amount of which it was claimed. The day claimed shall not count, the following calendar day shall be the first day and the horse shall be entitled to enter whenever necessary so that it may start on the twenty-first (21) calendar day following the claim at any price. This provision shall not apply to starter handicaps, allowances, and starter allowance races.

Requirement for Claim: Determination by Stewards - All claims shall be in writing, sealed and deposited in a locked box provided for this purpose by the clerk of the course, at least ten (10) minutes before post time. No money shall accompany the claim. Each person desiring to make a claim, unless he shall have such amount to his credit with the association, must first deposit with the association the whole amount of the claim in cash, for which a receipt will be given. All claims shall be passed upon by the Stewards and the person determined at the claiming time for claiming to have the right of claim shall become the Owner of the horse when the start is effected, whether it be alive or dead, sound or unsound or injured during the race or after it, unless the age of such horse has been misrepresented, and subject to the provisions of subdivision (b) of this section. If more than one person should enter a claim for the same horse, the disposition of the horse shall be decided by lot by the Stewards. An Owner shall not be informed that a claim has been made until after the race has been run, and any horse so claimed shall be delivered to the Claimant. **Both claim form and envelope must be filled out completely and must be accurate in every detail.** A post-race test may be taken from any horse claimed out of a claiming race. The Trainer of the horse at the time of the entry for the race from which the horse was claimed shall be responsible for the claimed horse until the post-race sample is collected. Any claimed horse not otherwise selected for testing by the Stewards shall be tested if requested by the Claimant at the time the claim form is submitted in accordance with these Rules. The successful Claimant shall have the right to void the claim should the forensic analysis be positive for any prohibited substance, an illegal level of a permitted medication, or if a blood sample exhibits a positive response to the erythropoietin (EPO) antibody test.

Rule 15.1.3.1.13 Erythropoietin (EPO) - A finding by the official chemist that the antibody of erythropoietin (EPO) was present in a post-race test specimen of a horse shall be promptly reported in writing to the Stewards. The Stewards shall notify the Owner and Trainer of the positive test result for erythropoietin antibodies. The Stewards shall notify the Commission Veterinarian of the name of the horse for placement on the Veterinarian's List, pursuant to Rule 5.32, if the positive test result indicates that the horse is unfit to race. Any horse placed on the Veterinarian's List pursuant to this Rule shall not be permitted to enter a race until the Owner or Trainer, at their own expense provides proof of a negative test result for EPO antibodies from a laboratory approved by the Commission provided said test sample is obtained under collection procedures acceptable to the Commission or its designee under these Rules.

Notwithstanding any inconsistent provision of these Rules, a horse shall not be subject to disqualification from the race and from any share of the purse in the race and the Trainer of the horse shall not be subject to application of the Trainer's responsibility based on the finding by the laboratory that the antibody of erythropoietin was present in the sample taken from that horse.

Limitations on Claims - (a) No person shall claim more than one horse in a race. (b) No Authorized Agent, although representing more than one Owner, shall submit more than one claim in any one race. (c) When a stable consist of horses owned by more than one person, trained by the same Trainer, not more than one claim may be entered on behalf of such stable in any one race. (d) An Owner who races in a partnership may claim in his or her individual interest if the individual has started a horse in the partnership. (e) The individual must also have an account with the Horsemen's Bookkeeper that is separate from the partnership account.

Claim Irrevocable When Lodged - When a claim has been lodged with the Secretary, or the Clerk of the Course, it is irrevocable, and is at the risk of the Claimant.

CORNELL™ COLLAR PROCEDURES FOR USE AT DELAWARE, The trainer must submit a letter to the Stewards from a licensed Delaware veterinarian stating the use of the Cornell™ collar is justified and appropriate for use on the horse in question. The trainer, in consultation with that licensed Delaware veterinarian, shall be responsible for the proper placement of the Cornell™ collar. Use of the Cornell™ collar must be declared at time of entry for that race. When the horse is brought over to the paddock, the Paddock Judge will visually inspect the Cornell™ collar to determine if it is properly installed. If not, then the Paddock Judge will notify the Commission Veterinarian. The Commission Veterinarian will then instruct the trainer of the horse to check the apparatus to ensure that it is properly fitted. The Commission Veterinarian will then notify the Stewards so that it can be duly noted in their daily report. Once a horse races with the Cornell™ collar, it must continue to race with this equipment unless the attending Delaware licensed veterinarian submits a letter to the Stewards stating that the use of the Cornell™ collar is no longer appropriate for that horse. Only authentic Cornell™ collars will be approved for such use. No knock-offs or substandard/home-made equipment will be allowed for use. Once a horse has had the equipment approved, and if at some later date that equipment is no longer appropriate, and then use of the Cornell™ collar is prohibited. However, if the horse in question has a different trainer, they may re-certify the horse following the initial procedures outlined herein.

Paddock Attire - Delaware Park requires all licensed personnel attending a horse in the paddock area to be properly attired and to have a neat, clean appearance: Cut-offs, tank-tops, halter-tops, ripped or torn clothing, sagging pants, backward ball caps, sandals, flip-flops or any open toed shoe(s) are unacceptable. All Grooms are expected to wear a collared shirt and khaki pants. If the attire worn, by a licensed personnel, to the paddock is unacceptable, said person(s) will be asked to leave the paddock area immediately and will not be allowed to return until properly attired. **By order of Delaware Park Management**

Owners, Trainers, Persons and their Employees are not allowed in the paddock area, unless they have a horse in such race.

Paddock Schooling - The Paddock will be open for schooling in the morning only on Mondays and Wednesdays from 9:30am to 10:30am. For race day schooling please contact the paddock judge to make proper arrangements.

Post Parade Attire - All pony people escorting horses to the post must wear the required attire. Proper attire will be strictly enforced by the Outriders. Proper attire includes the following: White Helmet Cover, White Shirt, Hunter Green Protective Vest, Tan or Khaki Pants, Green Saddle Towels, Delaware Park Issued Jackets (If needed).

Preference Dates - Delaware Bred or Certified Horses have preference in all races providing they meet condition eligibility requirements. (Stake Races Excluded)

Preference Dates are GOOD AT ANY DISTANCE & SURFACE.

Preference dates will not supersede conditions of a race. Horses will not be eligible to receive a Zero (0) date until their papers with an attached **VALID COGGINS** are on file in the racing office. All horses registered prior to NOON, Friday, May 25th, will receive a zero (0), which is the lowest possible date. A horse keeps his zero until he runs, scratches or the papers are removed from the office. All horses registering after NOON on Friday, May 25th, will receive a one (1) or preference corresponding to the day of the meeting when registered. A zero (0) has first preference. Horses entering for the first time but not getting in a race that fills, (i.e. placed on the A.E. or are excluded), will receive an entry date corresponding to the date of which they entered for. For horses with equal dates the preference will be given to papers on file. **NO DATE ONLY ENTRIES.**

Horses which have established a date at the current meeting will lose their preference should their papers be withdrawn from the racing office, demonstrate intent to race elsewhere and/or race elsewhere, must reestablish a preference date at this meeting. Should a horse's papers be withdrawn from the racing office for just cause, (i.e. tattoo, corrections, change of ownership, or clarification, etc.) the racing secretary may determine the status of the preference date established.

Horses that run or have the opportunity to run will receive a preference corresponding to the date they race and lose all dates previously held, (i.e. **RI** would correspond to a horse running on the first day of the meet.). This excludes stakes and handicaps.

If a race scheduled on the turf is transferred to the dirt all starters will receive a (*) date, the (*) date is most preferred. The (*) date is good for the next entry made at Delaware Park. If horse races elsewhere the (*) date is lost. Horses which scratch or are scratched will receive an (S) date upon which date they scratch. The (S) date is least preferred.

An up to date preference list will be made available after the overnight list is out. Any omissions, discrepancies, errors etc. must be lodged prior to the next drawing of entries.

All horses placed on the Stewards, Veterinarian or Starter lists will be available in the racing office. They will not be permitted to enter until they have been approved to start.

In no way does the claiming, ownership transfer or trainer transfer of a horse affect the preference date. When a horse's name appears in a race, other than a stake, and is entered for the following day, such entry will be given no consideration should the race in which it is entered be overfilled. It is the responsibility of a person making an entry to claim preference at time of entry. The stewards will consider no claims that do not comply with above regulations.

SALIX NOTICE - The **ONLY** permissible medication at Delaware Park will be SALIX, and **ONLY** can be administered by the appointed Delaware State Veterinarian.

Salix (Furosemide/Lasix) Schedule - This schedule is approximate; the Rules of The Delaware Racing Commission apply at all times

2018 Series Rules:

1. There is no special nomination required to compete in the MATCH Series. Nominations to stakes in the MATCH Series are to be made in accordance with the procedures established by the track where they are run.
2. Points are earned per horse on each race in each division in the MATCH series by finishing:
 - First: 10 points
 - Second: 7 points
 - Third: 5 points
 - Fourth: 3 points
 - Fifth: 2 points
 - Sixth-Last: 1 point
3. A horse must participate in at least three races within its division to be eligible for bonus money awards.
4. Bonus points will also be awarded for horses that participate in four or more MATCH Series races in a division, regardless of finish. These points are awarded in addition to points earned by placings:
 - 5 Starts: 7 bonus points
 - 4 Starts: 5 bonus points
5. If a race is canceled for whatever reason, the race will be rescheduled if at all possible.
6. If a horse is disqualified after the race is made official, the points will be redistributed based upon final placement.
7. Points earned in different divisions or by different horses can not be combined for year end totals for owner or trainer bonus money awards.
8. Bonus money earned by a horse that is sold and/or changes trainer during the series will be distributed pro rata based upon the number of points earned by each owner and/or trainer.
9. No horse which has earned points in a division will be denied the opportunity to start in a series race in that division unless the horse is ineligible for bonus money. Otherwise, starting preference will be given to high weights in handicaps, and the highest earnings in 2017-2018 allowance stakes. None of the events will be split into divisions.
10. In the event of a dead heat, points will be added for the positions that are involved in the dead heat and then divided by the number of horses in the dead heat.

2018 Bonus Money Distribution:

Bonus money will be awarded to the owners and trainers of the top three points earners in each of the five MATCH Series divisions based on points earned in their division.

Finish	Owner	Trainer
1st	\$20,000	\$15,000
2nd	15,000	10,000
3rd	10,000	5,000

In the event of ties within divisions, tie breakers will be determined in the following order:

- (1) Number of wins in the division.
- (2) Number of starts in the division.
- (3) Highest earnings in the division.

Additionally, bonus money will be awarded to the owner and trainer of the overall top points earner. This is in addition to money earned as a division winner.

Finish	Owner	Trainer
1st	\$50,000	\$25,000

In the event of a tie for MATCH grand champion, the tie breaker will be determined as follows:

- (1) Number of wins in the division.
- (2) Number of starts in the division.
- (3) Number of seconds in the division.

a) The possession and/or use of a drug, substance, or medication, specified below, on the premises of a licensed race track under the jurisdiction of the Commission for which a recognized analytical method has not been developed to detect and confirm the administration of such substance including but not limited to erythropoietin, darbepoietin, and perfluorocarbon emulsions; or the use of which may endanger the health and welfare of the horse or endanger the safety of the rider; or the use of which may adversely affect the integrity of racing. b) The possession and/or use of a drug, substance, or medication on the premises of a facility under the jurisdiction of the regulatory body that has not been approved by the United States Food and Drug Administration (FDA) for use in the United States. **Rule 15.12** - Would prohibit the possession or use of substances or medications for which there is no recognized analytical method including erythropoietin and substances which endanger the health and welfare of a horse, or are not approved by the FDA.

All Outriders shall be equipped with a two way radio for communication with the Stewards. Jockeys wishing to claim a foul or put a race on hold will so communicate their wishes to the Outrider. If his horse is pulled up prior to reaching the Outrider, the Jockey must proceed to the Outrider if he wishes to request a claim of foul or put the race on hold. For those horses that pass the Outrider before they are pulled up, the Outrider must wait until they pass him to unsaddle before communicating a no-claim status to the Stewards. Obviously, if a fall occurs, the Stewards will demand an inquiry. If for any reason the Outrider is unable to communicate to the Stewards, there will be no Official for that race until all Jockeys have weighed in. It is understood that the outrider's number one priority is to catch a loose horse and this responsibility takes precedence over the "Quick Official". To permit an Owner or Trainer to request a claim of foul or to put a race on hold, telephones are available at the following locations: Winners Circle, Paddock Security Office, Racing Secretary's Office and the Dining Room Maitre d's desk. Or they can tell the Clerk of Scales to communicate their wishes of a claim of foul, or to put the race in question on hold to the Stewards. Jockeys will continue to weigh in after the race in the same fashion as is customary. The Jockeys who have registered a foul will immediately contact the Stewards upon dismounting. AMERICAN GRADED STAKES COMMITTEE 2018 DRUG TESTING PROTOCOL

Introduction

The American Graded Stakes Committee provides owners and breeders of Thoroughbred horses with a reliable guide to the relative quality of bloodstock by identifying those races in the United States that have consistently attracted the highest quality competition. The Committee meets annually to evaluate and affirm the relative quality of these races, and issues its collective opinion in the form of ranked status assignments: Grade I, Grade II, Grade III, and Listed with Grade I being the highest. Horses winning these races may reliably be considered as superior racing stock, and the breeding stock producing them as superior breeding stock.

It is the belief of the American Graded Stakes Committee and the trustees of Thoroughbred Owners and Breeders Association (TOBA) that the integrity of these status assignments is compromised if horses are competing under the influence of prohibited substances. The Committee owes it to the members of TOBA, sales companies, prospective buyers and sellers, fans, and international organizations that rely on these status assignments to ensure that they are a true representation of quality based solely on athletic ability.

Compliance with the AGS Drug Testing Protocol is a condition of a race maintaining its eligibility for grading. The status designated by the Committee may be revoked at any time, before or after a given race, if the Committee, in its sole discretion, determines that the AGS Drug Testing Protocol was not followed.

Graded Stakes Pre-Race Alkalinizing Agents Analysis

The Committee requires testing for alkalinizing agents be performed on all of the horses participating in a graded or listed stakes race. This analysis must be performed on blood samples collected pre-race as cited in the Racing Medication and Testing Consortium's best practices recommendation. The pre-race timing and method of testing will be determined by each jurisdiction. A threshold of 37 millimoles of total carbon dioxide per liter of plasma/serum should be applied, plus any measurement uncertainty. If base excess testing is performed, a threshold of 10.4 millimoles per liter of plasma/serum should be applied if no Salix is administered and 12.4 millimoles per liter of plasma if Salix is administered.

Graded Stakes Post-Race Sample Analysis

As a means to ensure the integrity of the status assigned to races, the Committee requires extensive analytical testing on samples collected from horses participating in graded and listed stakes races. This additional analysis must be performed on samples from those horses routinely selected by the state stewards for post-race testing. **The drugs and information on the accompanying list are hereby incorporated by reference and made a part of the AGS Drug Testing Protocol ("Drug Testing List").**

The drugs on the Drug Testing List are separated into two categories: "Mandatory" and "Optional". In total, samples must be tested for detection of 214 drugs. For drugs that are labeled as "Mandatory," testing is required to be performed to detect those drugs or their metabolites. If a drug is known to be excreted in the urine as a metabolite, then testing must be done to detect the metabolite. For those drugs labeled as "Optional," laboratories must select, at their discretion, from the "Optional" list the number of drugs indicated in the chart below:

RCI Class	Number of "Optional" Drugs to be Selected for Testing
1	30
2	30
3	30
4	20

The 214 drugs to be tested for detection are broken down as follows:

RCI Class	"Mandatory"	"Optional"
1	20	30
2	22	30
3	43	30
4	19	20

For each "Mandatory" drug, the requisite limit of detection is identified on the Drug Testing List as the Minimum Performance Standard. Those values denoted with an asterisk (*) are the threshold levels recommended by the Racing Medication and Testing Consortium. The testing must be performed to at least the levels indicated on the Drug Testing List. There are no suggested minimum performance standards listed for "Optional" drugs, where testing levels are left to the discretion of individual commissions and their laboratories. The Committee does not expect a commission or laboratory to alter their normal limit of detection for these "Optional" drugs, but a commission or laboratory is required to alter the normal limit of detection for "Mandatory" drugs to the Minimum Performance Standard set forth on the Drug Testing List.

If a state's regulations or a race track's house rules require a more stringent standard than that set forth in the AGS Drug Testing Protocol, the Committee will not require additional testing to the Committee's prescribed standards as set forth in the AGS Drug Testing Protocol. It is not the intent of the Committee to alter an individual state's medication rules with respect to acceptable levels of drugs, but merely to ensure that the highest possible level of testing is performed on samples from graded and listed stakes. The concentration at which to initiate administrative action will ultimately depend on individual state regulatory and statutory language or policies.

The Committee encourages race tracks to notify participants of the AGS Drug Testing Protocol by including a reference to the AGS Drug Testing Protocol in entry forms and condition books, and advising participants where they can obtain a copy of the AGS Drug Testing Protocol. The AGS Drug Testing Protocol should also be made available by the state racing commission. The AGS Drug Testing Protocol is accessible online at www.toba.org. Regardless of state regulations with respect to drug testing in Thoroughbred racing, the AGS Drug Testing Protocol must be performed in order for a race to be eligible to keep and maintain its graded or listed status.

The Committee will require a letter each year from the state racing commission of each state where a graded or listed stakes race is run, affirming that the testing performed on horses from each graded and listed stakes race has met or exceeds the AGS Drug Testing Protocol requirements. The letters must be submitted to the Committee by each state racing commission prior to the Committee's annual grading session in late November/early December, so the Committee is assured that the AGS Drug Testing Protocol requirements have been met. TOBA will provide a sample letter. **The completion of the testing as required by the AGS Drug Testing Protocol is a condition of a race maintaining its status and status eligibility.**

RMTC APPROVED CONTROLLED THERAPEUTIC MEDICATIONS

WARNING: The information on the Racing Medication and Testing Consortium Therapeutic Medications List does not constitute and is not a guarantee, warranty or assurance that the use of any of the therapeutic medications at the dosage and withdrawal time listed will not result in a positive post-race test. The Racing Medication and Testing Consortium is not responsible for results differing in any way from those herein.

Use of this document and its information does not lessen or relieve any trainer's responsibility for affirming that, during a horse race, a horse is free of any therapeutic medication listed in his or her state's racing commission rulebook, and for complying with provisions of the state racing commission's regulations.

Owners, trainers or any other persons responsible for the care of a racehorse are strongly advised to consult a veterinarian and the state racing commission regulatory veterinarian for guidance and advice on the use and withdrawal times of all therapeutic medications, as testing methodologies may change with little or no notice. The guidelines provided in this document are not consistent with foreign regulations or laboratory methods.

PLEASE NOTE: These guidelines are based upon the administration of a single medication. Combining medications may significantly affect withdrawal times.

Substance	Withdrawal Guideline¹	Threshold	Route of Administration	Experimental Administration Dosage
Acepromazine	48 hours	HEPS - 10 ng/mL of urine	Intravenous	0.05 mg/kg
Albuterol	72 hours	1 ng/mL of urine	Intra-nasal ²	720 mcg total dose
Betamethasone	7 days	10 pg/mL of plasma or serum	Intra-articular as betamethasone acetate and betamethasone sodium phosphate	9 mg total in one articular space
Butorphanol	48 hours	Free butorphanol 2 ng/ml of plasma or serum or total butorphanol 300 ng/ml of urine	Intravenous	0.1 mg/kg
Cetirizine	48 hours ³	6 ng/ml of plasma/serum	Orally	0.4 mg/kg twice daily for 5 doses
Cimetidine	24 hours	400 ng/ml of plasma or serum	Orally	20 mg/kg twice daily for 7 doses
Clenbuterol	14 days	140 pg/mL in urine or LOD in plasma or serum	Orally	0.8 mcg/kg twice daily (max. 30 days)
Dantrolene	48 hours	5-OH dantrolene 0.1 ng/mL of plasma or serum	Orally	500 mg total dose
Detomidine	48 hours	1 ng/mL in plasma or serum, 2 ng/ml of carboxydetomidine in urine	Intravenous	5 mg
Dexamethasone	72 hours	5 pg/mL of plasma or serum	Intravenous, oral, and intramuscular	0.05 mg/kg
Diclofenac	48 hours	5 ng/mL of serum or plasma	Systemic	5" ribbon of Surpass every 12 hours to one site

¹ Note: Withdrawal Guidelines are for informational purposes only. They do not constitute a guarantee. Additionally, this guidance is based upon administration of a single medication – the combination of any of these medications or addition of other substances may substantially affect the withdrawal times.

² Note: Administration of albuterol other than via intra-nasal routes is not recommended. Use of therapeutic doses of oral albuterol even outside of the recommended withdrawal guidelines carries a substantial risk of exceeding the regulatory threshold.

³ Note: Do not administer any avermectin drugs (including ivermectin) within 48 hours of a race if the horse has been administered cetirizine as it carries an increased risk of a concentration of cetirizine in excess of the regulatory threshold.

Substance	Withdrawal Guideline⁴	Threshold	Route of Administration	Experimental Administration Dosage
DMSO	48 hours	10 mcg/mL of plasma or serum	Topical	Up to two ounces
Firocoxib	14 days	20 ng/mL of plasma or serum	Orally	0.1 mg/kg for 4 days
Flunixin	32 hours	20 ng/mL of serum or plasma	Intravenous	1.1 mg/kg
Furosemide	4 hours	100 ng/mL in blood and urine specific gravity < 1.010	Intravenous	500 mg total dose
Glycopyrrolate	48 hours	3 pg/mL of serum or plasma	Intravenous	1 mg total dose
Isflupredone	7 days	100 pg/mL of serum or plasma	Subcutaneous or Intra-articular administration of isoflupredone acetate	10 mg total dose subcutaneous or 20 mg total dose in one articular space

Ketoprofen	24 hours	2 ng/mL of serum or plasma	Intravenous	2.2 mg/kg
Lidocaine	72 hours	20 pg/mL of total 3-OH-lidocaine in plasma or serum	Subcutaneous	200 mg total dose
Mepivacaine	72 hours	3-OH-mepivacaine - 10 ng/mL in urine or mepivacaine at LOD in plasma or serum	Subcutaneous – distal limb	0.07 mg/kg
Methocarbamol	48 hours	1 ng/mL of serum or plasma	Intravenous ⁵	15 mg/kg IV once
Methylprednisolone	21 days ⁶	100 pg/mL in plasma or serum	Intra-articular as methylprednisolone acetate	100 mg total in one articular space ⁷

⁴ Note: Withdrawal Guidelines are for informational purposes only. They do not constitute a guarantee. Additionally, this guidance is based upon administration of a single medication – the combination of any of these medications or addition of other substances may substantially affect the withdrawal times.

⁵ An oral dose may be utilized but longer withdrawal time may be required to fall below the threshold. Trainers using methocarbamol orally for multiple days are encouraged to have the horse tested prior to entry.

⁶ Trainers using methylprednisolone acetate outside the administration parameters described are encouraged to have the horse tested prior to entry to confirm the horse tests below the 100 pg/ml threshold in plasma/serum. See, Mid-Atlantic recommendations for methylprednisolone acetate at: <http://www.mdhorsemen.com/images/PDF/MRCBooklet.pdf> (page 4).

⁷ Note: At the 100 mg experimental dose, the safe time for administration to fall below the 100 pg/mL threshold was 21 days – a smaller dose may be utilized which may allow plasma concentrations to fall below the threshold in fewer than 21 days.

Substance	Withdrawal Guideline⁸	Threshold	Route of Administration	Experimental Administration Dosage
Omeprazole	24 hours	omeprazole sulfide - 10 ng/mL in serum/plasma	Orally	2.2 grams once daily for 4 days
Phenylbutazone	24 hours ⁹	2 mcg/mL of serum or plasma	Intravenous	4.0 mg/kg
Prednisolone	48 hours	1 ng/ml of serum or plasma	Orally	1 mg/kg
Procaine penicillin ¹⁰	Time of entry	25 ng/mL of serum or plasma	Intra-muscular	17 mg/kg
Ranitidine	24 hours	40 ng/ml of plasma or serum	Orally	8 mg/kg twice daily for 7 doses
Triamcinolone acetoneide	7 days	100 pg/mL of plasma or serum	Intra-articular	9 mg total in one articular space
Xylazine	48 hours	200 pg/ml of plasma or serum	Intravenous	200 mg

⁸ Note: Withdrawal Guidelines are for informational purposes only. They do not constitute a guarantee. Additionally, this guidance is based upon administration of a single medication – the combination of any of these medications or addition of other substances may substantially affect the withdrawal times.

⁹ This withdrawal guideline is based upon the historic prohibition on administration within 24 hours of racing. Please note that intravenous administration at a dose of 4 mg/kg at 24 hours before racing may result in some phenylbutazone concentrations that exceed the regulatory threshold.

¹⁰ Requires: 1. Mandatory notification of procaine penicillin administration and 2. mandatory surveillance at the horse owner's expense for 6 hours before racing. Contact your local racing jurisdiction for specific procedures.
